Local Masons Elect In New Building

Jeffersontown Masons made merry at their annual Christmas banquet and election of officers Monday night. The banquet was served, under auspices of the Eastern Star chapter, at 7 o'clock. An inspirational message was brought by the Lodge Chaplain, Dr. J. E. Stomberger.

After the turkey dinner was enjoyed by nearly 100 Masons the happy party turned to the lodge meeting chambers of the second floor of the new Masonic Building, where Masonic rites were observed and the annual election held. Honorary membership was conferred on E. T. Trautwein, who was the contractor to build the new Masonic Building.

Al E. Orton, Kentucky's Past Grand Master and honorary member of the local lodge, was the installing officer, in the chair following the election. The new officers as elected are: Robert L. Burton, M. Roy L. Corby, S.W.; Raymond E. Wisheart, Jr., D.; Charles H. Eppheimer, Sr., D.; P. A. Baker, Jr., D.; E. Ward Jean, secretary; William D. Carr, treasurer; Ralph M. Cash, Sr., S.; Wayne A. Jendry, Jr., S.; Robert L. Eppheimer, Chaplain, and Lee R. King, Jr., altar. Robert L. Eppheimer is the retiring master.

Gideon Layman To Speak Here Sun. Eve.

There will be special services Sunday evening at the Jeffersontown Christian Church, under auspices of the Gideons, it has been announced by the pastor, Rev. Lloyd L. Roach. The meeting was announced for 7:30 o'clock.

The guest speaker for the occasion will be C. R. Vaghn, secretary of the Louisville chapter of Gideons. He will tell something of the history of the Gideon organization and the placing of Bibles in hotels, schools and other institutions here in Kentucky, as well as all over the world.

The Gideons are a Christian business men's organization, whose members give their services for distribution of the scriptures to members of the army services and in making the Bible accessible in public institutions of all types.

Fisherville News

Death of Mr. Baskett
Mr. Pleasant Baskett passed away Saturday, December 18, at 12:40 a.m. at the Wilson Convalescent Home, 1111 South First Street, after a long illness. He had been confined to his bed for the past eight months. Mr. Baskett was 73 years of age and lived most of his life in Shelby County except for the last 18 years which were spent in this county.

He was survived by six sons, T. L. of Fisherville, Eugene of Louisville, Clarence, Joseph, Alvin, and Hardin of Jeffersontown. Five grandchildren and one great-grandchild.

Funeral services were held Sunday, December 20, at Shannon Funeral Home in Shelbyville, with burial in Grove Hill Cemetery.

James Benard With Pacific Task Force

James Lovell Benard, airman apprentice, U.S.N., son of Mrs. Gladys P. Benard, of Jeffersontown, is serving aboard the aircraft carrier U.S.S. Tarawa, a unit of Task Force 38, which is now undergoing an intensive training period in the Western Pacific and the China Sea area.

These exercises are being conducted for the purpose of giving officers and men of the task force realistic training in all phases of Naval activities. In addition to the training on ship board, personnel familiarize themselves with the ports and peoples of foreign lands.

Ports of call between training maneuvers, include Honolulu, Tientsin, China, Yokosuka, Japan, and Guam.

A New Look For The 1949 Birth Certificate

Birth certificates will have a new look for the new year. Announcement was made today, through the State Department of Health, by Mr. J. F. Blackerby, State Registrar, of a change in the form of birth certificates to be used after January 1.

Atomic age babies have their birth records kept in the latest and most efficient way; they are photographed on microfilm. As a clearer print can be obtained from white paper, the certificates will be white heretofore, instead of blue, as they have been for several years.

Some of the items on the new form have been rearranged to facilitate coding of the information recorded, and, at the bottom of the certificate, there is a completely new section. This is labeled "For Medical and Health Use Only," and the information given in this space will be considered confidential. It will not appear on certified photostatic copies of birth certificates.

These changes will be effective in all states, and have been timed to coincide with the new decennial revision of International List of Death Causes, which becomes effective January 1, 1949.

Broken Leg Puts Dairyman In Hospital

Clifton Allen, Jeffersontown milk retailer, is in St. Joseph's Infirmary with a broken leg. The accident occurred on the morning of Christmas Eve, when his truck on snow and ice, while replenishing his milk supply at the Cherokee dairy, Mr. Allen slipped and fell causing a bad break in his left leg.

The condition of the limb is said to be showing promise of favorable mend, although physicians have been fearful of pneumonia.

DR. W. M. RUSH IN HOSPITAL FOR CHECKUP

Dr. W. M. Rush went to the Kentucky Baptist Hospital Wednesday for a checkup of his physical condition. He has not been doing so well again recently and will probably remain at the hospital for several days for a thorough examination and treatment.

Local Carolers Play Escort To Santa Claus

Carolers accompanied Santa Claus, as well as children, on his Christmas Eve visit to Jeffersontown. Here some of the crowd is shown around the community Christmas tree. Mrs. Charles Pyman was in charge of arrangements and Mrs. W. T. Settles (between Mrs. Pyman and Santa) directed the choral club singing of carols. Santa Claus, alias T. B. Claxton, is holding Jackie Owick.

"TIPPEE" . . . We sure hope this young 1949 will grow up to be a lot better than the old service-jangler who was named 1948.

Philharmonic Orchestra Matinee Performance

Two renditions by the Louisville Philharmonic Orchestra have been scheduled for the first week in January. A performance on January 4, at 8:30 p.m., will be followed by another on the afternoon of January 5, at 3 o'clock.

The matinee program is designed particularly for out-of-town music lovers. Concluding at 4:30, it will permit such patrons to return home in time for the evening meal.

The matinee concert is to be identical with the evening performance, same music and same artists. Through this arrangement the Society hopes to give to out of Louisville residents an opportunity to hear and see the outstanding artists in music. The concerts are held at Columbia auditorium, 630 South Fourth Street.

The concert arranged for January 5 will be under the direction of Darius Milhaud, the composer-conductor. The Philharmonic Chorus is directed by Edward Barret.

Notice To Subscribers To Daily Papers

The Courier-Journal and Louisville Mail subscribers on rural routes, can now take advantage of the 5¢ coupon from those two daily papers and "kill two birds with one stone." Just send the coupon and \$9 to The Jeffersonian and have both papers — The Jeffersonian and either of the dailies — renewed for a full year.

If you are not getting either of the daily papers and want to subscribe, send \$10 and get both The Jeffersonian and either daily for a year.

The special daily paper offer is available only to mail subscribers on rural routes, or where carrier service is not available. When ordering both papers, address The Jeffersonian, Jeffersontown, Ky., and save \$7.50.

Miss Jackie Samson who is home for the holidays with her parents, Mr. and Mrs. R. W. Samson, has been pledged to Alpha Phi Omega, National Honorary Dramatic Fraternity at the American University, Washington, D. C.

Society

THOMAS-WESTMAN

Mr. and Mrs. Louis D. Thomas, St. Matthews, announce the engagement of their daughter, Margaret Elizabeth, to Mr. Henry P. Westman, son of Mr. Henry P. Westman and Mrs. Westman. The wedding is planned for the spring.

Mr. and Mrs. Guy Magruder, Dorothy and Juanita and Guy Magruder, Jr. and Miss Marie Blackoff entertained at a Christmas Party for Ruthie and Catherine Magruder at their home on Six Mile Lane, Sunday afternoon. Those present were: Miss Alice Eisenback, Kathryn Greene, Mary Alice Heintzman, Monya Hubback, Angela Heintzman, Rose Ann Battenback, Miss Marie and Theresa Osborn; Betty and Genevieve Gregg; Mary Lou and Dorothy Ann Nichter; Margaret Paul Battenback, Miss Marie and Helen Magruder. Messrs. Gerald Browning, Teddy Gregg, Walter Jakob, David Schmitt, Paul Eisenback, Bobby Landherr, and Edwin Magruder.

Games were played and refreshments of cookies, popcorn, nuts, candy and soft drinks were served. All had a swell time.

Mr. and Mrs. Roger Grant and daughter, Marjorie, and Mr. and Mrs. Paul Ellingsworth have returned home after a trip through Florida. They reported an enjoyable trip.

ONE of the best places to be on New Year's Eve is right at home — provided you have a party. Successful parties depend upon a bit of prior planning. You must have a theme for the party, and a program to keep your guests amused.

Here are a few good themes for a New Year's Eve party at home: "A Calendar Social," "New Year's Jamboree," "Father Time Party" and "Around the Clock." It will be as if you tell your guests the theme of your party when you invite them so that they will come in fitting costumes. The best costume ought to win a prize.

There are many games you'll enjoy playing until midnight. At midnight, of course, comes "Auld Lang Syne," and the first snack of 1949.

COUNT THE COINS—Put into a large paper bag numbers cut from all the old calendars you can find. The figures should range from 1 to 12. Have players "coini" draw and even numbered players form one team, odd numbers the other. Each person draws a number from the bag. The person who gets twelve "hours" first, scores a point for his team—he lays his numbers aside and draws again when the best comes around. The player must achieve his "12 hours" by drawing the number 12 or by adding his numbers he has picked, 2, 4, 6, will make the "12." Play until one team scores 10 points.

TIME TO WIN—This can be a great fun. Select two leaders and let each

Newspapers To Push Bond Sales In State

LOUISVILLE—Plans for an extensive state-wide advertising campaign to promote sale of U. S. Savings Bonds are being perfected by the State U. S. Savings Bonds Advertising Committee, it was announced here today by Martin E. Specter and Victor Portmann, co-chairmen of the committee.

Material for the advertising program is being prepared, and will be distributed to all newspapers and radio stations in the state as rapidly as it is completed. More than a score of newspaper editors and publishers have volunteered their services as members of the State U. S. Savings Bonds Advertising Committee.

The U. S. Savings Bond Division of the Treasury Department in Kentucky is sponsoring the bond sale drive in co-operation with a national campaign. The Savings Bonds drive is designed to bolster the financial security of citizens of every community in the nation, and at the same time, offer them an opportunity to buy a share in the financial structure of their country.

LADIES AID PROTESTANT Orphans Home regular meeting, Thursday, January 6 at 2 p.m.

The Jefferson County P.-T.A. Council will meet Wednesday, January 5, at 10 a.m. at the Y.M.C.A.

choose a singer for his "choir." When the guests are well divided, hand them these words and give them ten minutes to compose a tune for the verse. They must sing it when completed.

I wish I was a little clock
That didn't have a chime
Or strike or nothin' all day long.
But just be tellin' time.
I'd never run out of time
I'd never run out of time
If they didn't wind me
I wouldn't even tick.

PASSING TIME—Provide a double set of small tokens symbolic of the months of the year. Calendars for January, hearts for February, rabbits for March, paper umbrellas for April, maypoles, roses or pictures of a bride for June, flags for July, picnic pictures for August, schoolhouse pictures for September, turkeys for November, Santa Claus for December.

Prepare two large cardboard sheets on each of which you have marked in black crayon twelve squares for March, paper umbrellas for April, maypoles, roses or pictures of a bride for June, flags for July, picnic pictures for August, schoolhouse pictures for September, turkeys for November, Santa Claus for December.

When the guests are well divided, hand them these words and give them ten minutes to compose a tune for the verse. They must sing it when completed.

I wish I was a little clock
That didn't have a chime
Or strike or nothin' all day long.
But just be tellin' time.
I'd never run out of time
I'd never run out of time
If they didn't wind me
I wouldn't even tick.

1948 Crops Show Above Average Yield

Reports from Kentucky farmers indicate that above average production was received from most crops in 1948, according to the Bureau of Agricultural Economics. Wheat, barley, lespedeza seed, potatoes and sweet potatoes were the only major crops short of the ten-year (1937-46) average production. Yields of major crops were at or near record levels with an outstanding record yield shown for corn.

The 1948 corn yield of 41.0 bushels compares with the previous record high of 36.5 bushels in 1946 and the ten-year average yield of 28.2 bushels. Corn production of 100 million bushels is 31 per cent larger than last year and approximately 43 per cent greater than average. Tobacco of all types in Kentucky at 413,390,000 pounds compares with 318,075,000 pounds last year. Winter wheat production is the same as last year and about 15 per cent below average. Oats threshed or cut ripe for feeding were 14 per cent above last year with barley exceeding the 1947 crop by only 2 per cent. Soybeans for beans showed a record production and record yield. Yield at 19.0 bushels per acre compares with 17.5 in 1947 and the average of 14.0 bushels. Production at 2,600,000 bushels is 31 per cent above last year and over three times greater than the average production.

Hay crops were a little above average but well below last year as summer droughts reduced hay yields materially over most of the state. All hay production is 19 per cent below last year and only 3 per cent above average. Popcorn production of 24,955,000 pounds compares with 9,555,000 in 1947 and the ten-year average of 6,149,000 pounds. Seed crops were reduced by dry summer weather with red clover seed production about 27 per cent below a year ago and lespedeza seed 35 per cent below the 1947 production. Irish potato and sweet potato yields were also reduced by dry weather with production being 24 and 8 per cent, respectively, below last year.

Local Happenings

Mr. and Mrs. E. L. Snider entertained Christmas Eve for their children and friends at their home. Mr. and Mrs. Snider, James Berry, Joseph Snider and J. T. Alcorn; Miss Violet Mae Berry, Mrs. J. W. Berry, Leo Paul and Larry Snider.

Mr. and Mrs. Charles First, Mr. and Mrs. First and Mr. and Mrs. Joseph Nichter and family; Mr. and Mrs. Leo First and daughter were afternoon guests of Mrs. Mrs. J. W. First and Miss Dorothy First, of Louisville, Christmas Day.

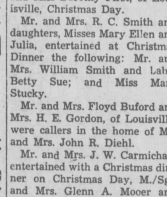

Mr. and Mrs. R. C. Smith and daughters, Misses Mary Ellen and Julia, entertained at Christmas Dinner the following: Mr. and Mrs. William Smith and Lohy, Betty Sue; and Miss Mary Stucky.

Mr. and Mrs. Floyd Buford and Mrs. H. E. Gordon, of Louisville, were callers in the home of Mr. and Mrs. John R. Diehl.

Mr. and Mrs. J. W. Carmichael entertained with a Christmas dinner on Christmas Day, M/Sgt. and Mrs. Glenn A. Moore and daughter, Mr. and Mrs. John R. Diehl.

Mr. John S. Wisheart had a misfortunate fall and broke his leg last Tuesday a week ago. He is at Kentucky Baptist Hospital.

Mr. and Mrs. John R. Diehl entertained Christmas Eve with a party and 6 o'clock dinner. M/Sgt. and Mrs. Glenn A. Moore, of Fort Knox, Mr. and Mrs. J. W. Carmichael, Mr. and Mrs. D. S. Wisheart, Mr. and Mrs. Mack Colyer, Misses Carol Ann Moore, Patsy and Betty Hunt, Master Ronald and Gary Turner, Donald Tate and George Hunt.

The Civil War battle between the Monitor and the Merrimack, fought in Hampton Roads, Va., on the 31st of March, 1862, is the subject of the new book, "The Monitor and the Merrimack," by the late Admiral Sir John Jellicoe, published by the Naval Supply Centre.

Business And Financial Outlook For 1949

By ROGER W. BABSON

1. Total volume of business for 1949 will be less than that of 1948. There surely will be many soft spots.

General Business

2. Most industries will show smaller net profits. This means that, in many cases, dividends will be less in 1949.

3. Military preparedness will be a new and powerful industry which this country never heretofore experienced in peace times. It is destined to bolster employment for some years ahead, but not the standard of living.

4. Inventories quoted both at their dollar values and in volume.

1949 IN A NUTSHELL

General Business: Off 5%
National Income: Off 5%
Farm Income: Off 15%
Bituminous Coal: Off 5%
Anthracite: Off 10%
Crude Oil Production: Up 5%
Steel Output: Up 5%
Automobiles: Up 10%
Building and Construction: Off 20%
Lumber: Off 5%
Foreign Trade: Up 5%
Airline Passenger Miles: Up 10%
Military Activities Including Aircraft: Up 50%
Retail Trade: Off 5% to 10%.

Prices will increase during 1949. Both raw material prices and manufactured goods will be in greater supply during 1949.

Commodity Prices

5. Some rationing or priorities may be attempted in 1949. The public will make demands for price controls in the case of certain products. Beware of inflationary pressures is 1949.

6. We expect the peak in wholesale commodity prices has been reached for this cycle. We therefore, advise going easy on inventories. 1949 is a time to get out of debt and stay out of debt.

7. The retail price of some goods other than food products may be higher during 1949, but we believe that the Cost-of-Living Index has turned downward.

8. Retail price changes lag after wholesale price changes. This explains why we expect many retail prices on good quality merchandise to hold up for awhile after wholesale prices decline.

Farm Outlook

9. The total farm income for 1949 should be less than that of 1948, due to lower prices for wheat, corn, pork, poultry, eggs and certain dairy products. Farmers should diversify more in 1949, get out of debt, putting surplus money in to savings and prepare for the real trouble some day.

10. The supply of certain vegetables and fruit should increase during 1949. The price of these should fall off, barring some weather, insect or blight catastrophe.

11. Poultry and dairy products will also increase in volume during 1949, prices averaging less than 1948 prices.

12. Farmers will continue to work for extensions of subsidies. The above four Farm Forecasts assume normal weather. A drought could upset these.

13. The Federal Budget will not be decreased during 1949.

14. Federal taxes will not be decreased during 1949, but there may be some readjustments to encourage venture capital and to ease the tax burden on wages.

15. We forecast that an attempt will be made by some citizens to cuttings up real estate taxes or enact local sales taxes.

16. The long-term capital gains tax of 25% will remain unchanged.

Retail Trade

17. Goods on counters will be of better grade in 1949.

18. There will be some "mark-down sales" of inferior quality goods. Cuts on installment buying will continue.

19. The dollar value of all retail sales in 1949 should about equal that of 1948, perhaps off 5%.

20. The unit volume of retail sales will be less in 1949 than in 1948.

Foreign Trade

21. Our foreign trade will remain about the same. We shall continue to help Europe; but it will be on a more efficient basis.

22. More foreign credits will be granted during 1949; but these mostly will be direct to business concerns.

23. There will be greater competition from other countries in legitimate foreign trade where the credit is good.

24. Throughout 1949 war talk will continue; but no real World War III will start in 1949. WAR PREPARATIONS WILL CONTINUE.

Labor Outlook

25. Good business depends upon two things: (1) reasonable wages and (2) reasonable prices. When both of these factors are in balance there is good business; but when they get out of balance, look for trouble. Low prices are a little help when people have insufficient wages with which to buy; but it is also true that good wages are of little use if prices are too high for people to buy. The Taft-Hartley Law will be repealed or amended to encourage free speech, union protection and increased production.

26. The income of wage earners must increase before a balance in prices. Contrary to high prices always precede a decline in employment and wages. This downward cycle leading to unemployment may begin in 1949. Much depends upon crops and weather.

27. Labor leaders who get increased wage rates usually get re-elected, while those who do not get wage increases are liable to be defeated. Hence, labor leaders have naturally kept urging higher wages, although they may feel in their hearts that wages are high enough for the time being. We forecast that 1949 will see some change of attitude in this regard and that wise leaders will be more interested in preventing the "boom-bust" cycle.

28. If wages are too high, organized labor is the first to be laid off when business declines. (Continued on Page 3)

Plan U. S. Savings Bond Sales

Promotion of sale of U. S. Savings Bonds program in Kentucky, is being planned by Ellen E. Harris, Washington, D.C., of advertising for the bonds. (Left) and Victor R. Perdue, secretary of the Kentucky Press Association, Louisville, and Black Hall, editor of The Daveness Independent, Daveness, Mo.

WELCOME '49 . . . There's a hill in the party. Everybody wants and wishes the clock. Thus it arrived—1949 at last! Here's a candle for the New Year, May it be the brightest, happiest yet.

Farms Growing According to Survey

Commercial farms have been growing larger and fewer in the United States, the U. S. Department of Agriculture reports. This has been true for several years, the Bureau of Agricultural Economics points out. It is a result of many changes in farming methods. At the same time, the number of small units, mostly residential, but classed as farms in the census, thus the "number" of farms and the "average" size have remained comparatively stable.

The Bureau of Agricultural Economics and the Bureau of the Census have developed a new classification of farms, first applied in the 1945 census. This group farms largely according to the gross production of more than \$20,000 a year. "Large family farms" rule from there down to \$2,000 and "medium family farms" on down to \$3,000 annual production. These three groups

include less than 50 per cent of all farms but account for just over three-quarters of the gross production. These groups have been growing in size.

At the bottom are two groups in which residence in open country is more important than farming for market. These "part-time farms" and "nominal units" number more than a third of all farms but their production is only about one-third of the total.

In between are two groups, "small family farms" and "small scale farms" with production of less than \$3,000 a year. They include more than 40 per cent of all farms but their production is only 21.5 per cent of the total. It is in this group that the question rises most frequently as to whether many of families on these farms might not be better off if they were otherwise occupied. The economists and the census officials hope that this new classification of farms may be useful in finding answers to such questions.

THE PUZZLE OF THE YEARS

KEEPING accurate track of years has been one of human history's toughest problems. Many a head-ache and much more have been caused those who dared to tackle it.

Seven hundred years before Christ, a smart Roman named Pomplius stayed awake nights figuring out what he thought was a good system. But alas, he made several mistakes. Within a few hundred years the calendar which he had worked so hard to produce became inaccurate and practically useless.

The man who inherited the resultant confusion of Pomplius' errors was a very busy person by the name of Julius Caesar. Caesar called all the best minds of his empire into conference and soon the world was using a new calendar. It wasn't much good, either. It only lasted five hundred years or so. Then Pope Gregory XIII tried to straighten out the mistakes in Caesar's calendar. The result was the Gregorian calendar which we use today.

However, there's trouble ahead. Along about 2500 many-times great-grandson will celebrate a New Year that's bound to be too troublesome. That's the year our calendars will start getting out of whack. When calendars go wrong, seasons start arriving on the wrong days and in the wrong months. This happened because calendars aren't properly geared to the sun's movement.

For instance, when Caesar got stuck with Pomplius' system the calendar and the solar equinoxes were months apart. Pope Gregory went to work on Caesar's calendar in 1582 when it was lagging ten days behind the sun.

To Pope Gregory we owe the leap-year. In presenting his calendar to the world, the Pope specified that the calendar play leap-year. As a result, the year 1582 holds all records for losing birthdays. In order to make up the ten days the calendar was behind the sun, the days between October 3 and October 15 were simply skipped—lost forever. During the evolution of our calendar some strange things have been tried. Once a year was only ten months long, once March was the first month, again January was the first month, and once February was the last.

Scholars still wrestle with the problem of the years. Even today there's agitation for calendar revision. One solution would keep a 12-month year with provision made for the extra day left over from the 365-day year in ordinary years and the two days in leap year.

The extra day in ordinary years would follow December 30 and be known merely as Year day, January 1 would then follow. In leap years, Saturday, June 30, would be followed the next day by another Saturday called Leap day, then Sunday, July 1.

However, it doesn't look as though there'll be any revision during 1946. Most people will be too busy with their own problems this year to worry about any revision during 1946. Most people will be too busy with their own problems this year to worry about any revision during 1946.

Some ways to get more eggs are more suggestions for stepping up egg production, offered by Dr. W. M. Insko, Jr., head of the poultry section in the College of Agriculture and Home Economics, University of Kentucky.

Keep plenty of water and grain before the pullets. They will get more grain than clean in cold weather.

Supply plenty of clean, fresh water. It should be slightly warmed in cold weather, warm water will help to hold up egg production.

A wet mash or pellets fed in early afternoon will stimulate egg production and help keep up body weight and egg production.

If electric lights are used, they should be turned on so the pullets will have 13 or 14 hours of light. This means turning lights on at 2:30 or 4 a.m., using a 40-watt bulb for each 10 feet of roost space.

Extra care for the flock will pay big dividends in increasing winter months. Dr. Insko said.

Extra care for the flock will pay big dividends in increasing winter months. Dr. Insko said.

A. D. Era Started By Charles III

The notation A.D. (from the Latin Anno Domini—in the year of our Lord) was started by Charles III, of Germany, who affixed it to the years of his reign in 870.

The Christian era begins on January 1st in the middle of the 4th century of the building of Rome, and in 474 of the Julian period. It was the system of dating the years preceding the birth of Christ and dedicating the succeeding years to the life of Jesus Christ.

Introduced in Italy during the sixteenth century, the system was not extensively employed until its use was prescribed for bishops by the Council of Chalcedon (Middlesex, England) in 451 and made its debut in world affairs under the sponsorship of Charles III.

GO KENTUCKY GO THE MARCH

Let's Go to the March

Somerseters Cooperate

We have with us today the town of Somerset, seat of Pulaski County, and the story was turned in by Maurice D. Bement, Executive Director of the Committee for Kentucky.

"Somerset has a huge new tobacco warehouse, built by the people themselves," says Mr. Bement. "Farmers and business people, furnished the capital. It is called the Farmers Warehouse. Covers an area of ground and cost \$200,000.

"It opened November 29 and on that day over a million pounds was unloaded. The new warehouse is serving many farmers in adjacent counties.

Somerset is working on a playground and recreational project, under the auspices of the Junior Chamber of Commerce. Of course, in addition to the Junior Chamber many other local clubs and organizations of Somerset are participating in the project. They are building a public playground and having a recreational director to offer a comprehensive recreational program to the young people of Somerset.

"Until about two years ago, Somerset had no manufacturing, but now has a Goodall plant manufacturing men's clothing. The manufacturing process is housed in a new structure and

employs several hundred local people.

"Another item of interest is taking place in the Somerset High School. Superintendent Hopkins and Professor Meace of the City School system, have been working for the last year on a course of study on Kentucky, to be used in Somerset High School. They are collecting and compiling all available information on the state, since we do not have an up-to-date text that can be used in a study of Kentucky. This is one of the first high schools in the state that is concentrating on the development of a full course for high school students on the study of Kentucky. After this course is perfected, it should attract considerable interest and could be used to a great advantage by all other high schools of the state of Kentucky."

What Mr. Bement says about the work of Hopkins and Meace makes no wonder why there is not a high school textbook on the state. Perhaps a brief supplementary reader to go with a course in geography.

High View News

By Mrs. Joe Baetz
Here's hoping that each and everyone had a Merry Christmas and will have a Happy New Year. I want to take this space to

thank each one for the beautiful cards they sent us. I received 12. God bless every Christian friend and may each of you receive a blessing from your good deeds.

Those who had Christmas dinner with Mr. and Mrs. William Downing were: Mr. and Mrs. Carl Hermanson and Mrs. Edith Roby from Edgewood, Ind.; Mrs. Katie Van Hill, of Louisville; Mr. and Mrs. William Yocum, Mr. and Mrs. Arthur Wright, of High View. This was also a celebration of William's birthday which falls on Christmas Day.

The Baptist Church gave a Christmas play on Thursday night, December 23, which was fine. Santa came and gave out the gifts and a treat to each child present.

On Wednesday night, December 22, the Church of Christ young people put on a Christmas program which was also good.

On Christmas Eve several from High View Church of Christ went out caroling and then afterwards stopped in at the Baetz's home for hot chocolate and cookies and a little heat which was enjoyed by all.

Christmas Day guests in the home of Mr. and Mrs. Joe Baetz and family were: Mr. and Mrs. Sherman Baker and son, Franklin, and Mr. and Mrs. William Eason.

Mr. Powell Cole, of Michigan, is spending the holidays with his brother, Mr. Edgar Cole and family.

Mr. and Mrs. Jim Hartzell, of Pittsburg, Penna., spent part of the holidays with her brother, Mr. Edward Schreiner and family.

Sunday afternoon callers of the Baetz's were: Mr. and Mrs. Fred Jarvis and two sons, Aaron and

Paul's

Mr. and Mrs. A. J. Golin had all the children and grandchildren home for Christmas.

Mr. and Mrs. Robert Poyner and son, Mr. and Mrs. Elvin Fox and children from Iowa are spending the holidays with the Baetz's parents, Mr. and Mrs. Chester Conn.

Miss Geraldine Dunnaway, of Green County, is spending the holidays with her mother, Mrs. Myrtle Farris, while here she has had the mumps, not a very Merry Christmas for her, was it?

Miss Carolyn Baetz spent Christmas night with Miss Shirley Hartley.

Mr. Washington News

By Mrs. T. H. Parrish

The body of Mrs. Kate McArthur, who died in Louisville, was brought to the McFarland Funeral Home where services were held Tuesday and the burial was at Riverview. She was the mother of Mrs. E. O. G. Carter. Tom Carter was painfully hurt last week while loading logs when the chain slipped and the log fell on his head.

Mr. and Mrs. J. H. Duckett and family visited his brother at Lebanon Junction, recently.

Mr. and Mrs. Alex Hardy and family were Sunday guests of Mr. and Mrs. Tom Porter.

We enjoyed the callers who visited us three nights last week, singing their Christmas songs and cheering the night time hours for the shut out of the town.

J. J. Herin visited his daughter, Mrs. H. H. Duckett, during the absence of his wife over the week-end.

Mrs. Georgia Moore was overnight guest Saturday of her sister, Mrs. Sam Penn, Louisville.

Other guests on Sunday were Mr. and Mrs. Howard Wheeler and daughter, of Buemel.

Here's looking at the label on your paper. Time to renew another year.

We found it impossible this year, because of sickness to send cards or gifts but as you know it is "more blessed to give than to receive," and I know there are many of our friends who received a blessing for we were given a real Christmas "snow storm" of cards and gifts. Everyone was appreciative and the thought of being remembered was valued far above the gift.

We wish to thank everyone and a wish that each one may enjoy a happy prosperous New Year.

Quite a lot of coming and going during the holidays in our community. Mr. and Mrs. C. R. Stansbury went to St. Louis to visit her sister, Mrs. T. V. Rouse.

Mr. Rouse, Mr. and Mrs. Lee Lloyd, of Harro, Ind., with her parents, Mr. and Mrs. Art Smith; Mr. and Mrs. Nie McArthur with son, Lee and family in Louisville; Mr. and Mrs. P. P. and C. H. Wigginton at their sisters', Mrs. Laura Shelburne, City; Mr. and Mrs. R. Lee McAfee at Owensboro with her parents, Mr. and Mrs. McFarland; Mr. and Mrs. Alan Parrish, Lexington with his parents, A. Parrish and wife; Mr. and Mrs. W. V. Mathis and son, Walter Hamilton with in-laws at Shively Christmas night at Shively.

Mr. and Mrs. L. M. Wigginton with her parents, Mr. and Mrs. Gilchrist, Louisville; the families of S. M. L. C. and Stanford Harris Christmas dinner with Miss Berta Harris; Mrs. Jesse Herin, Mr. and Mrs. Harold Cox and Miss Geneva Duckett at Middleboro with the former's sister, Mrs. Grace Lucas; Mr. and Mrs. B. F. Smith and Miss Georgia Porter spent Sunday afternoon calling on the sick, Mr. Tom Porter, Mrs. Hasso Parrish and T. H. Parrish; the latter had visitors during the week as follows: Mr. and Mrs. Darrell Harris, Mr. and Mrs. Alan Parrish, Mesdames M. E. Jasper, Geneva Duggan, R. Lee McAfee and Billy, Georgia Moore, Messrs. S. M. Harris, M. E. McAfee, Vernon Moore, W. V. Mathis, C. A. Long.

BE MARKET WISE

By Miriam Kelley

Field Agent in Marketing and Consumer Information, Department of Agriculture, University of Kentucky, U.S.D.A. Co-operating.

Plans of the New Year—everyone is thinking about them. Resolutions, or whatever you call them, it makes no difference; we look forward to seeing what we can do to improve conditions with the coming of each New Year. And it is good for us to make these plans if we first look forward and make careful plans for our own progressive steps.

These, the matter of the family living in looking ahead, it appears that over-all incomes may not be quite so large in 1949, but at the same time, prices for some of the items we need for comfortable family living will be a little less.

Let's look at the food situation for January—in fruits there are citrus fruits, cranberries, winter pears. Vegetables include Irish potatoes, cabbage, carrots, and spinach, all of which will be in plentiful supply, reasonable in price.

Other foods you should be on the lookout for are peaches, peaches, butter, prunes, raisins, honey, cheese, fresh and frozen fish, canned peas and corn, dried peas and beans, and corn products.

You will continue to find plentiful supplies of fresh and canned fruits and citrus products. That means fresh oranges, lemons, grapes, grapefruit, canned oranges, grapefruit and blended juice. All are in generous supply. Fresh citrus fruits, especially grapefruit, are in prime condition. Use citrus fruit in your home every day to get an inexpensive supply of vitamin C plus smaller amounts of some of the B vitamins.

Use fresh citrus fruits "as is" or for variety use juice as thinner for sandwich spreads, with mashed potatoes, in Harvard beets, in sauce for meats, in breads and cookies.

Cheese is an excellent source of protein, food energy, minerals, vitamins A and B. It is low in fat and is adaptable for combination with other foods, cheese may be used to make for variety in meals that otherwise have become uninteresting. You will notice sharp price declines in cheese, especially American and Swiss types, due to unusually large stocks.

Cranberries—even though Christmas rush is over, these berries should remain in generous supply throughout the coming month. Cranberries are inexpensive enough this year that they can be used by most any family. They are a delicious addition to almost any hot-toe preparation a cold winter day. And don't forget cranberry and apple or pineapple juice cocktail that can be served either hot or cold for a "peppery-supper."

Canned Peas—Though the 1949 pack of canned peas is nearly 30 per cent below last year's pack, the carryover from the 1949 pack was the largest on record. Total supplies are therefore substantial and will insure ample supplies for all needs through the season.

For variety in preparing canned peas, try adding mint or thyme, add peas to the scallion salad, mushrooms, eggs, fish, dried beef or chicken.

Use time for honey—strained honey served with hot biscuits or waffles, or use it in cooking. A bit of honey added to muffins, or used as part of the sweetening in fruit breads makes for interesting new flavor. In selecting honey, if you like mild flavor, select the honey light in color for best quality. Supplies of this good quality honey will be plentiful for several months.

Honey Date Bars make use of honey plus one of the plentiful dried fruits. This recipe comes from Miss Florence Ingle, Foods and Nutrition Specialist, University of Kentucky: 2 cups dates, 2 eggs, well beaten, 4 cup honey, 1/2 cup flour, 1/2 cup nuts, 1/2 cup chopped, 1 teaspoon baking powder, 1/4 teaspoon salt. Mix honey with well beaten eggs and add to sifted flour, baking powder and salt. Fold in the chopped dates mixed with the nuts. Pour into baking pans and bake 20 minutes in moderate oven (325 degrees F.). Cut in bars and serve with whipped cream, or dust with powdered sugar.

May I take this opportunity to wish you good health, great joy, good luck abundant throughout the New Year.

Lovorn Heights News

By Mrs. Clara Kaufman

God's gifts are like His flowers. Which show their right to stay. By giving all their bloom and fragrance away.

Riches are not in gold or land, estates or mansions.

The only wealth worth having is love in human hearts.

Mr. and Mrs. Roscoe Stillwell and son, Norman, called Sunday evening on Mr. and Mrs. Carl Alridge.

Glad to report Mrs. Eulish

Stone, of Blue Lick Pike, home

from the hospital and lots better. Another operation is expected later on.

Mrs. Lula Hillon called on Mrs. Oscar Kaufman Friday evening. The sudden death of Mr. Cor Montgomery was a shock to all Mrs. Hillon and Mr. Brynnyll extended to his wife and children.

Mr. Oscar Kaufman was dinner guest Sunday of his brother, Mr. Edward Kaufman and family.

Mr. and Mrs. Harvey Taylor and daughter, Linda, called on Mr. and Mrs. Clifford Smith and family Monday night.

Mr. Harvey Taylor is off from work with two mashed fingers. He was treated at the Norton Infirmary.

Mr. and Mrs. Chester Farmer and Mrs. Henry Kaufman and family Saturday night.

Mr. and Mrs. Wallace Scott, Mary Parry, Mr. and Mrs. Chester Farmer and Mrs. Lucy Miles were guests of Mrs. Lucy Miles and Orville Lee Friday night.

Mr. and Mrs. Peter Kaufman called on Mr. and Mrs. J. O. Fisher Sunday night.

Mr. and Mrs. Chester Farmer were supper guests of Mr. and Mrs. Biddle Kaufman and Charlene, Monday night.

May the coming New Year bring health, happiness and a full measure of success to all.

HOMEMAKER CLUBS

OKOLONA

Mrs. Roy Hanabrough will be hostess at her home on Preston Highway and Minor's Lane Friday night, January 4, to members of the Okolona Homemakers Club at 10 a.m. A lesson on "Slip Covers" will be given by Mrs. T. T. Knight and Mrs. Roy Holmes.

—Mrs. Chester L. Roby, publicity chairman.

EASTWOOD

The December meeting of the Eastwood Homemakers, met at the home of Mrs. Joe Pope, Gilliland Lane.

Mrs. Paul Kelly, held the ladies spellbound with her lesson on Christmas Decorations.

On the January meeting, the first of the new year, will be at the home of Mrs. Louis Eppinger, Shelbyville Road.

Lesson and major project will be "slip covers" and will be given by Mrs. J. Rosenberg.

Comes ladies of Eastwood community to visit with us. Time—Tuesday, January 4, 10 a.m.—Mrs. Louise Richardson, Secretary.

FAIRMOUNT

The Fairmount Homemakers Club met December 21 in the home of Mrs. Wilson Reynolds.

The meeting came to order at 10 a.m. Our president, Mrs. Edith Kast, presiding. We were indeed pleased to have the privilege of having Miss Anna K. Evans with us for the day. Mrs. Markwell gave a beautiful Christmas devotion followed by the Lord's Prayer in union. A lesson on Christmas decorations was given by Mrs. Edith Williams.

Many beautiful table, door and mantle pieces were made and later auctioned by Miss Evans. After a delicious luncheon served by the hostesses, the meeting again came to order. New and old business was taken care of. We then adjourned for our Christmas party.

Each was eager to see who had been our 1948 silent friend. New names were drawn for 1949. Santa delivered the gifts from the tree and our silent friends also. A nice basket was made up for a needy family which makes us all very happy to be a part of the giving. We then adjourned to meet with Mrs. M. B. Holloway, publicity chairman.

PLEASURE RIDGE

Mrs. Putnam Moore was hostess to the Pleasure Ridge Homemakers Club Wednesday, December 8, with 10 members and one visitor present.

Three elections were held to replace two members leaving the club. The new leaders are: Mrs. Clyde Warner—treasurer; Mrs. John Wyatt—treasurer; Mrs. John Wyatt—treasurer; Mrs. John Wyatt—treasurer.

Each member brought a 25 cent gift to be exchanged and also a food item to fill a basket for some needy family in our community.

This month's lesson, Christmas decorations, was given by Mrs. Jack Plenge and Mrs. W. E. Mayberry. It's surprising what you can do to save a few dollars, cedar, string, etc. I believe this was one lesson that every homemaker was interested in.

We are losing two of our regular members—Mrs. Carroll Korfage and Mrs. Jack Plenge. They have purchased a farm in Shepherdsville and have immediate possession. We are certainly sorry to see them leave but wish for them all the luck and success in the world.

The January meeting will be at the home of Mrs. William Hinehart, Wednesday, January 12, at 12:30 a.m.—Mrs. Keith Housh, publicity chairman.

Eastwood News

By Mrs. Gilbert Bryant

Mr. and Mrs. Ous E. Sturgeon entertained Sunday afternoon on Christmas day, Mr. and Mrs. Wade Pearce, Mr. Leonard Seay, Mr. and Mrs. Shirley Cochran, Mr. and Mrs. Charles E. Waite and Mr. and Mrs. W. T. Waite.
